

**ERICSSON** **TELEFAX**REMARKS

Claims 1 and 9 are currently pending in the present patent application. Reconsideration and allowance of the application is respectfully requested in view of the following remarks. Claims 1 and 9 are independent claims.

**Claim rejections – 35 USC §112**

In paragraph 2 the Examiner has rejected claim 1 under 35 USC §112 as being indefinite for failing to particularly point out and distinctly claim the subject matter of the invention. Independent claim 2 is amended for correcting clerical errors and therefore pointing out the essence of the invention.

For that reason, Applicant requests withdrawal of the rejection.

**Allowable Subject Matter**

Applicant thanks the Examiner for allowing claim 9.

In view of the abovementioned remarks, Applicant respectfully requests favourable action for all pending claims.

CONCLUSION

In view of the foregoing, Applicant submits that the present patent application is now in condition for favourable action. Should the Examiner wish to further discuss the present response or patent application, the undersigned can be reached at (514) 345-7891.

Respectfully submitted,

Date: March 9, 2005
